

A Woman's Right to Know Resource Directory

The Woman's Right to Know Resource Directory has been designed to inform you of public and private agencies that are available to assist you through pregnancy, upon childbirth, and while your child is still dependent, including adoption agencies and agencies that offer alternatives to abortion.

HOW TO USE THIS WOMAN'S RIGHT TO KNOW RESOURCE DIRECTORY...

- First, review the services listed below for agencies that might be able to assist you.
- Second, choose the type of agency that you might need.
- Third, review the services available in the county in which you live.
- Fourth, call an agency and tell them what you need. The agency will answer your questions or might be able to advise you who to call for the services you need to assist you through your pregnancy, upon childbirth, and while your child is still dependent.

By calling or visiting the resources listed in this directory, you can find out about public and private agencies that offer medical, financial, and support services which might be available to assist you with expenses such as; housing, food, clothing, health care, legal aid, child care assistance, and educational opportunities. You also will find listings for adoption agencies that offer an alternative choice for unplanned or problematic pregnancies, possibly at no cost to the birth mother. Some agencies have special eligibility requirements, so contact the agency you are interested in to see if you qualify for services.

You should know that, if you choose to have your baby and find yourself weighed down or frightened by the prospect of being a parent, Oklahoma has a "Safe Haven" law. The law allows you, as a parent, to leave a baby seven days old or younger in a safe place and not return for the baby without fear of being charged with a crime, if the baby is not hurt. Safe places are any of the following:

A medical services provider

A Child Rescuer, which is any employee or designated person on duty at a:

Police Station

Fire Station

Child Protective Services agency

Hospital or other medical facility

Talk to someone if you feel weighed down or frightened about being a parent. Help is available. Contact a Child Rescuer at one of the Safe Place locations mentioned above or call:

OptionLine a Toll-Free Crisis Line: **1-800-395-HELP(4357)**

Addenda

Pursuant to Oklahoma State law, the following information is added as a supplement to the "*Woman's Right to Know*" booklet:

RU-486

Mifepristone (RU-486) and Misoprostol are drugs used in regimens for medical termination of early pregnancies. These drugs cause abortion by causing the uterus to contract and expel the fetus and placenta.

The physician who gives, sells, dispenses administers or prescribes RU-486, also known as Mifepristone must:

- Have the ability to assess the duration of the pregnancy accurately.
- Have the ability to diagnose ectopic pregnancies.
- Have the ability to provide surgical intervention in cases of incomplete abortion or severe bleeding or can make plans to provide such care through other qualified physicians.
- Is able to assure patient access to medical facilities equipped to provide blood transfusions and resuscitation, if necessary.
- Provide each patient with a copy of the drug manufacturer's medication guide for RU-486, Mifepristone.
- Fully explain the procedure to the patient, including, but not limited to explaining whether the physician is using the drug in accordance with the U.S. food and Drug Administration regimen or an evidence based regimen.
- Provide the patient a copy of the drug manufacturer's patient agreement.

RU-486 (Mifepristone) must be administered by or in the same room and in the physical presence of the physician who prescribed, dispensed, or otherwise provided the drug to the patient.

Unborn Child Pain Prevention/Awareness Act

By twenty (20) weeks gestation, the unborn child has the physical structures necessary to experience pain. There is evidence that by twenty (20) weeks gestation unborn children seek to evade certain stimuli in a manner which in an infant or an adult would be interpreted to be a response to pain. Anesthesia is routinely administered to unborn children who are twenty (20) weeks gestational age or older who undergo prenatal surgery.

Statewide Adoption Services

The public and private agencies listed below can offer birth mothers an alternative choice for unplanned or problematic pregnancies. Services provided to the birth mother might include assistance with living expenses such as housing, food, medical care, and legal services, possibly at no cost to the birth mother. In addition, educational opportunities might also be available. Contact information has been provided if you decide to make an adoption plan for your unborn child. You may contact any of these agencies regardless of your current location within the state of Oklahoma for further information and assistance.

SERVICES BY COUNTY

The Woman's Right to Know Resource Directory lists the following public and private agencies and the services they offer that will assist you through pregnancy, upon childbirth, and while your child is still dependent. Look for the services that are available in the county where you live or the county where you would like to receive services. Some of these agencies and their programs have special eligibility requirements, so contact the agency you are interested in to see if you qualify for services.

- **Adoption Agencies**

Adoption agencies offer birth mothers an alternative choice for unplanned or problematic pregnancies. Services provided to the birth mother might include assistance with living expenses such as; housing, food, medical care, and legal services, possibly at no cost to the birth mother. In addition, educational opportunities might be available. Public and private adoption agencies are listed if you decide to make an adoption plan for your unborn child.

- **Domestic Violence/Sexual Assault Agencies**

Domestic Violence agencies often can provide shelter, food, clothing, crisis counseling, and referrals for transitional housing, health services, children/family services, legal resources, vocational/educational opportunities, advocacy support groups, and other programs that will assist a woman in domestic violence circumstances. These agencies might also assist a woman in rape crisis services.

- **The Oklahoma Department of Human Services (DHS)**

The Oklahoma Department of Human Services (DHS) can provide financial help, food, and medical care to low-income Oklahomans. They can provide pregnant women with basic health care coverage, and children under 19 can be eligible for medical benefits. DHS can provide temporary support for meeting basic needs, training leading to employment, and day care assistance for qualified families with children.

- **Oklahoma Health Departments**

Oklahoma State Department of Health (OSDH)

Oklahoma City-County Health Department (OCCHD)

Tulsa Health Department (THD)

Each of these public health agencies provides pre-natal care services at selected health department locations to optimize the health wellness, and nutrition of pregnant women by promoting early and continuous pre-natal care.

The **Children First** home visitation program, sponsored by the Oklahoma Health Departments listed above, is a possible option for first time mothers that provides support throughout pregnancy and until the child is 2 years of age. This program might include education and counseling on fetal development, infant care, child development, child behavior, nutrition, and mentoring to promote effective parenting.

Other services provided by the health departments that might be of assistance to childbearing and childrearing families include:

- Preventative physical and behavioral screenings and health services for children
- Services for children with special health care needs
- Child immunizations
- Family planning services
- Screening and treatment for sexually transmitted diseases and HIV
- Infant car seat programs
- Screening for breast and cervical cancer
- Referrals for services such as personal development, mental health or drug/alcohol treatment and domestic violence prevention might also be available.

Services are targeted for individuals or families who are uninsured or underinsured. Services might be free or on a sliding scale based on family size and income. Services will not be refused based on inability to pay for those who meet the eligibility requirements.

- **Maternity Homes**

Maternity homes serve pregnant women with a broad range of services. They can provide food, shelter, clothing, and transportation to pre-natal health care facilities. In addition, they may provide individual and group counseling, life skills training, childbirth and parenting classes, GED tutoring and other educational opportunities, adoption counseling, and access to legal services.

- **Pregnancy Resource Centers**

Pregnancy resource centers (also called Pregnancy Crisis Centers) are non-profit service agencies that assist pregnant women and encourage continuation of a pregnancy. These centers offer a broad range of free services such as pregnancy testing, crisis pregnancy peer counseling, pregnancy education, fetal development and pre-natal care information, adoption referrals, and childbirth and parenting classes. They may also assist in providing maternity and infant clothing, diapers, formula, baby food, and access to a network of public and private community programs that assist pregnant women with housing, food, medical treatment, legal aid, childcare assistance, and educational opportunities. Some of these centers offer on-site pre-natal health care.

- **Additional Agencies**
Agencies such as Planned Parenthood are listed under this heading and offer services such as pregnancy testing, which may include a fee. Some of these centers offer on-site pre-natal health care in addition to other services that might assist a woman through her pregnancy, upon childbirth, and while her child is dependent.
- **(WIC) Supplemental Nutrition Program for Women, Infants, and Children**
Supplemental Nutrition Program for Women, Infants, and Children (WIC) provides nutritious foods for women, infants, and children, referrals to health and human services, breastfeeding support, and immunizations at some clinics. WIC has nutrition education programs that tend to emphasize the relationship between proper nutrition and good health, with special emphasis on the nutritional needs of pregnant, postpartum, and breastfeeding women, infants, and children.
Note: You may inquire about available services and providers, by county, at the statewide toll-free WIC Referral line - 1-888-655-2942.
- **Free Ultrasound Imaging/Heart Tone Monitoring**
The agencies listing under this heading offer free ultrasound imaging and/or heart tone monitoring that enable a pregnant woman to view her unborn child or listen to the heartbeat of the unborn child. Interested women may call one of the agencies for a confidential appointment.
